Experience University Life (EUL)

Summer is a pre-university program that provides international and Canadian middle and high school students an immersive educational, social, and cultural experience at one of Canada's most beautiful university campuses.

EUL Summer is a once-in-a-lifetime opportunity for middle and high school students ages 12-18 to improve their English language skills while experiencing a new country in a multicultural university setting. Students are provided with high quality English instruction, and are given the opportunity to explore their interests, expand their worldview, and foster new friendships.

Students are introduced to the skills necessary to succeed at a Canadian or American university. Students develop English language skills, and, through select courses, they learn critical and creative thinking, teambuilding, and leadership and presentation skills.

Benefits

- Hosted by UBC Continuing Studies English Language Institute (ELI) and taught by experienced UBC instructors
- Small classes made up of a global group of like-minded students
- Enhanced English language proficiency through classroom and real-life scenarios, taught in the context of global themes and current events
- An opportunity to explore interests, develop new viewpoints, and foster friendships with students who have similar aspirations
- A preliminary understanding of Canadian university campus life
- An experience that builds independence, maturity, initiative, and adaptability
- An opportunity to develop the confidence needed to participate in and succeed at university
- To stay in a UBC student residence during program
